

Material Waste Reduction

HELP THE ENVIRONMENT AND YOUR BOTTOM LINE PROFIT BY MINIMISING MATERIALS WASTE

Fight back on materials price increases

With recently announced materials price increases in mind, there has never been a better time to embark on a rapid Materials Waste Reduction programme. Let Vision in Print show you how to save up to 5% of your materials spend.

How does Materials Waste Reduction programme work?

- Identifies the biggest and most easily remedied causes of materials waste
- Introduces simple measures to identify and track waste reduction
- Teaches your employees how to problem solve using their knowledge and experience
- Standardises processes to lock improvements in place
- Communicates the impact of waste on profit and job security to all employees

Key benefits

- Tangible cost reductions and profits boost – saving up to 5% of materials spend
- Low implementation costs and quick results
- Improved environmental credentials
- Increased employee awareness and ownership
- Employees coached to use best practice problem solving techniques

Vision in Print engineers will coach a team of your employees, including staff from your purchasing, estimating, pre-press, press and finishing areas through a print specific programme using simple proven techniques.

The five-day programme comprises of three sessions about a month apart. Between each session, team members will implement actions to measure, trial and standardise solutions. Every session includes feedback to managers and a communication plan for other employees.

Vision in Print has delivered over £6.5 million of identified savings for UK printers

Materials Waste Reduction

HELP THE ENVIRONMENT AND YOUR BOTTOM LINE PROFIT BY MINIMISING MATERIALS WASTE

About Vision in Print

Vision in Print, the Print Industry Forum, is a not for profit organisation with an independent board and the support of the DTI. Its role is to deliver improved productivity and competitiveness through two main activities: In-company process improvement programmes with Vision in Print engineers and 'Best Practice' studies to promote improved performance. Vision in Print partners with all the major print trade bodies (including BPIF, ProSkills Print and Amicus GPMS) to ensure maximum impact in raising the competitiveness of the whole UK Printing Industry.
